Attorney for Debtor(s)

7 **UNITED STATES BANKRUPTCY COURT
DISTRICT OF NEVADA**

8 In re:

9 **MARLINA AUSTRIA**

10 Debtor(s).

Chapter 13 Proceedings
Case No.: 09-15901-LBR
Trustee: KATHLEEN LEAVITT

11 Date: JUNE 11, 2009
Time: 3:30 PM

13 **MOTION TO VALUE COLLATERAL, "STRIP OFF" AND MODIFY RIGHTS
14 OF WELLS FARGO HOME MORTGAGE PURSUANT TO 11 U.S.C. §506(a) AND §1322**

15 Comes Now the Debtor, **MARLINA AUSTRIA** (hereinafter the "debtor"), by and
16 through THE LAW OFFICES OF RANDOLPH H. GOLDBERG, and respectfully moves this
17 Court pursuant to 11 U.S.C. §506(a), and §1322, and Bankruptcy Rules 3012 and 9014.

19 **STATEMENT OF FACTS**

20 1. Debtor filed the instant Chapter 13, Case Number **09-15901** on **APRIL 17,**
21 **2009.**

23 2. As of the date of filing, debtor owned real property located at **5538**
24 **JACOB'SFIELD LAS VEGAS, Nevada 89148** (hereinafter the "Subject
25 Property").

27 3. Debtors have obtained a residential appraisal that places the value of the subject
28 property at **\$130,000.00**.

1 4. At the time of filing the instant petition, the Subject Property was subject to
2 the following liens:

3 **WELLS FARGO HOME MORTGAGE (First Mortgage): \$157,523.00**

4 **WELLS FARGO HOME MORTGAGE (Second Mortgage): \$59,000.00**

5 **WELLS FARGO HOME MORTGAGE (Third Mortgage): \$50,000.00**

6 5. Therefore, on the date the instant bankruptcy was filed, no equity existed in
7 the Subject Property above the claims of **WELLS FARGO HOME MORTGAGE**

8
9 6. **WELLS FARGO HOME MORTGAGE's** claim was wholly unsecured on the
10 petition date and if the Subject Property was sold at auction **WELLS FARGO**
11 **HOME MORTGAGE** would receive nothing.

12
13 7. Accordingly, the debtor requests that Your Honor find that **WELLS FARGO**
14 **HOME MORTGAGE's** claim is unsecured and should be reclassified as a
15 general unsecured claim to receive pro rata with other general unsecured creditors
16 through the debtor's chapter 13 plan.

17 LEGAL ARGUMENT

18 In *In re Zimmer*, 313 F.3d 1220 (9th Cir. 2002), the Court stated that a wholly unsecured
19 lien holder's claim can be modified and reclassified as a general unsecured claim pursuant to 11
20 U.S.C. §506(a), despite the anti-modification language in §1322(b)(2). Specifically, the Court
21 held:

22 Section 506(a) divides creditors' claims into "secured...claims" and "unsecured
23 claims." Although the conventional interpretation of "secured" might include any
24 claim in which the creditor has a security interest in the debtor's property, §506(a)

1 makes clear that the status of a claim depends on the valuation of the property. An
 2 allowed claim of a creditor secured by a lien on property in which the estate has
 3 an interest ... is a secured claim to the extent of the value of such creditor's interest
 4 in the estate's interest in such property ... and is an unsecured claim to the extent
 5 that the value of such creditor's interest ... is less than the amount of such allowed
 6 claim. To put it more simply, a claim such as a mortgage is not a "secured claim"
 7 to the extent that it exceeds the value of the property that secures it. Under the
 8 Bankruptcy Code, "secured claim" is thus a term of art; not every claim that is
 9 secured by a lien on property will be considered a "secured claim." Here, it is plain
 that **WELLS FARGO HOME MORTGAGE**'s claim for the repayment of its
 loan is an unsecured claim, because
 its deed of trust is junior to the first deed of trust, and the value of the loan secured
 by the first deed of trust is greater than the value of the house.

10 Accordingly, since **WELLS FARGO HOME MORTGAGE**'s second mortgage claim is
 11 wholly unsecured (in that there is no extant equity above the first mortgage in the Subject
 12 Property), the claim should be reclassified by this Court as a general unsecured claim and share in
 13 whatever pro rata distribution is being received. **WELLS FARGO HOME MORTGAGE** should
 14 also be stripped of its secured rights under Nevada State Law since no maintainable security
 15 interest in the subject property exists.

17 Furthermore, the Debtor is not required to file an adversary proceeding to strip the lien of
 18 its secured status. Debtor may "strip off" **WELLS FARGO HOME MORTGAGE**'s consensual
 19 lien by motion. See *In re Williams*, 166 B.R. 615 (Bankr.E.D.Va.1994), *In re Fuller*, 255 B.R.
 20 300(Bankr.W.D.Mich.2000), *In re Hoskins*, 262 B.R. 693 (Bankr.E.D.Mich.2001), *In re King*,

4 **CONCLUSION**

5 Debtors respectfully request that the court:

- 6 1. Determine that the first mortgage on the subject property exceeds the value;
- 7 2. Determine that the **WELLS FARGO HOME MORTGAGE second** mortgage
- 8 claim is a wholly unsecured claim and strip the lien from the subject property
- 9 pursuant to 11 U.S.C. Section 506(a);
- 10 3. Reclassify the secured claim filed by **WELLS FARGO HOME MORTGAGE** as
- 11 a general unsecured claim to be paid pro rata in the general unsecured pool of
- 12 Debtor's Chapter 13 Plan.
- 13 4. For such other and further relief which the Court deems just and proper.

Sales have decreased in the last year while inventory continues to rise. Foreclosures and short sales are becoming more common in the current market. Sellers must be realistic when pricing properties and be willing to market aggressively. Listing and pending sales are emphasized and only the most current closed sales are considered reliable in this changing market.

RESIDENTIAL APPRAISAL SUMMARY REPORT

SALES COMPARISON APPROACH TO VALUE

For the Sales Comparison Approach, the appraiser selects comparable sales that they consider the best matches to the subject in terms of physical characteristics, physical proximity, and time of sale. The appraiser then makes adjustments to the known sale price of each comparable sale to account for differences that are recognized by the market. For example, if the subject has a single bathroom but a comparable has 2, the comparable's sale price would be reduced by the attributable value given to the extra bathroom based on the market's reaction. Likewise, if a comparable sale has a smaller square footage than the subject, its sale price would be adjusted upward in the same manner. By weighting and reconciling these adjusted sales prices together, an opinion of value for the subject can be determined.

| Property Address: | 5538 JACOBS FIELD STREET | City: | LAS VEGAS |
| State: | NV | Zip Code: | 89148 |

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.
- In developing this appraisal, the appraiser has incorporated only the Sales Comparison approach. The appraiser has excluded the Cost and Income approaches. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. Buyer and seller are typically motivated;
2. Both parties are well informed or well advised and acting in what they consider their own best interests;
3. A reasonable time is allowed for exposure in the open market;
4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

URAR: Neighborhood Market Factors

Las Vegas has a tourist-based economy. The service industry, which includes hotels, gaming, and recreation, accounts for over 30% of the employment within the city. Nellis Air Force Base, the Nevada Test Site, and several industrial and manufacturing plants are other main sources of employment. Also included are the secondary levels of support employment that are typical for a community with the size and population of the Las Vegas area. Growth in the Las Vegas valley remains constant adding to employment stability, and in turn, adding to the city's appeal.

Most of the competition for the subject will come from new tract development. Due to the tremendous growth in the Las Vegas Valley, new development will directly compete with both existing and other new development. The subject neighborhood is consistent with other competitive neighborhoods within the Las Vegas Valley and demonstrates a similar overall marketability to those areas.

URAR: Sales Comparison Comments

This submarket was searched extensively and the comparable sales selected are considered the most similar to the subject in the current time frame. Any comparable which sold/closed escrow more than six months from the date of inspection was used due to a lack of any better/more recent sales in this submarket. Furthermore, any dated sale used is still a reliable indicator of current market value. All of the comparable sales are from within the subject subdivision or from the most proximate competing market areas. All line item adjustments are either market extracted and represent what informed purchasers are willing to pay for those items, or, when ideal "matched pair" sales are unavailable and no market extraction is possible, adjustments are derived from the cost new of the item, less all forms of depreciation. No value has been assigned to any personal property or any fixture not permanently attached.

In order to develop a reasonable analysis for the value of the property, a review of sales data from several sources was conducted. This investigation included the Multiple Listing Service as well as the county records and appraiser's files. Competing listings were also reviewed to determine the current competition and establish the upper limits of value in this submarket. The information provided herein is deemed to be accurate based on the sources cited.

URAR: Final Reconciliation

Greatest weight has been placed on the Sales Comparison Analysis as the actions of buyers and sellers are reflected therein. There is insufficient rental data to produce consistent conclusions about market rent and gross rent multipliers and, therefore, the Income Approach was omitted. I am aware of the changes made by USPAP to the appraiser's certification and will abide by those changes. I have no bias in respect to the subject property.
